

Mohamed Ashamallah

Software Engineer

Profile

Finding solutions to challenges and focused on customer satisfaction, Proven experience developing consumer-focused websites using **JavaScript** and **PHP**. Experience building products for Web.

I love learning software engineering, more programming standards, user experience, best practices, usability, and speed code.

I was responding to challenges by designing and developing solutions and building web applications aligned to customer services.

I am translating solutions into code.

Experience

Software Engineer at kitchen machine , Egypt

2018 — Present

I work as a software engineer and technology consultant I created and developed the management software from scratch using Laravel and Vue, helped to launch there WordPress website.
